Re: Earth First

Examination requested by: Addressee

Reference: Communication dated January 5, 1993

Examination requested: Magnetic Media

Specimens received: January 8, 1993

Q1 One (1) 3 1/2" Microfloppy Diskette

Q2 One (1) 3 1/2" Microfloppy Diskette

## Results of Examination:

The Q1 and Q2 microfloppy disks were analyzed using the computer resources currently available to the FBI Laboratory.

The Q1 and Q2 magnetic media has been removed from the original casing and replaced in a new casing.

The Q2 microfloppy disk could not be accessed. It is either damaged or has not been formatted.

The retrievable ASCII (American Standard Code for Information Interchange) has been transferred to a 5 1/4" floppy disk.

On December 13, 1992, the locks on a bulldozer located on National Forest land were destroyed. ~~Earth First~~, a radical environmental group, has been active in protesting this timber sale and have said they would monkeywrench logging equipment and stop the harvesting of timber. **EMET**

On December 23, 1992, Earth First protesters went to the timber sale and confronted loggers. Some of the protesters ran up into the woods into the sale. Protesters then jumped into a vehicle and rapidly left the area. Later, a logger found a backpack and looked inside. There was a list of "things to do" and most of the items listed involved Earth First protesters and activities on National Forest land. There were also two computer disks in the pack.

I am a Special Agent for the U.S. Forest Service responsible for crimes committed on National Forest land. I am interested in the contents of the disks and considered them abandoned property.

I am enclosing two computer disks. I would like the following if possible.

1. Copies made of the disks.
2. The contents of the disks printed and sent to me
3. Analysis to ensure no computer virus exists.

The disk is possible contaminated by fruit juice and may be inoperable. If this is the case, is it possible to clean it or make it readable?

Please return the disks and information to me as soon as analysis is completed. If you have any questions, please feel free to call me at

Sincerely,

Special Agent
